Re: Docket No. 13-07-09 – Charter Western Advisory Council Request
for PURA Negotiation Assist with Access Interconnect Between
AT&T and Charter Communications

Dear Mr. Davis:

The Public Utilities Regulatory Authority (Authority) acknowledges receipt of your letter dated July 9, 2013, filed on behalf of the Charter Western Advisory Council (Council), requesting that the Authority facilitate negotiations between The Southern New England Telephone Company, d/b/a AT&T Connecticut, and Charter Communications pertaining to interconnection for community access television programming. Section 16-331h(b) of the General Statutes of Connecticut limits requests for interconnection facilitation by the Authority from competitive video service providers, community antenna television companies or providers of community access operations. Since the Council is not one of these entities, the above-referenced request is hereby denied.

Sincerely,

PUBLIC UTILITIES REGULATORY AUTHORITY

Kimberley J. Santopietro
Executive Secretary
